

Your upcoming Session date is quickly approaching; we are excited to work with you! [Click here](#) to review the checklist and guidelines of how to select ideal Session models. Your models are key to the success of your coaching day and can be a valuable asset to the marketing of this new treatment for you and your facility. Please ensure your models fully understand they will be participating in a learning environment and not necessarily receiving full or complete service(s).

As a general rule, please use the following timeline to help coordinate the flow of your session:

| | |
|-------------|---|
| 9:00-10:00 | Didacts Review (Online manual should be studied PRIOR to the date of your session. |
| 10:00-10:30 | Review of an Ideal Thread Candidate and Treatment ROI. |
| 10:00-10:45 | 1st Model arrives. A member of your Staff who is NOT attending the session should take before photos, receive signed consent documents and apply numbing ointment to the model at this time. |
| 10:30-11:00 | Review of Thread Patterns and Placement. |
| 11:00-12:00 | 1st Model Treatment (Ideally a Mono & Screw Thread Treatment). |
| 11:45-12:00 | 2nd Model arrives. A member of your Staff who is NOT attending the session should take before photos, receive signed consent documents and apply numbing ointment to the model at this time. |
| 12:00-1:30 | 2nd Model Treatment (Ideally Mid Face Lift with Lower/Upper Eye Threads). 3rd Model arrives. A member of your Staff who is NOT attending the session should take before photos, receive signed consent documents and apply numbing ointment to the model at this time. |
| 1:30-2:30 | 3rd Model Treatment (Ideally a Neck Lift and Lips). |
| 2:30-3:00 | Review of combination modalities with Threads. General Q&A. |

Time will fly during your Session day! The more prepared and organized your staff is BEFORE the big day, the more hands on teaching your Coach will be able to provide.

Again, we look forward to working with you and your staff!
